PRINCIPAL'S GRATITUDE

Warm Greetings !!

The session started with a crucial impact of Covid 19 on the world. Despite being affected at every angle, we did not let the learning of our students suffer. The Online Teaching kept the bond of teacher and student intact. The parents, students and teachers kept the flag of learning soar high.

The institution thanks everyone for their continuous support...

We pray to the almighty to grant everyone a healthy and safe year ahead.

Warm Regards

Mrs. Pinki Joshi

PARENT'S VALUABLE WORDS

I personally am very happy on the initiative taken by school of online classes for safe learning of our children. In this difficult time also, the school made a great effort to keep our kids involved in online activities and competitions thus keeping their talent intact. My son missed his peer group but these classes made him connect with all of them again. A huge thanks for this to the school.....

Mrs. Rachna Agrawal (Mother of Onir Agrawal Class VIII)

I thank the school authorities for keeping our children's life on a bit of regular mode in this lockdown period also. The great efforts of the teachers are clearly visible in the classes and we applaud for each of them as in this adverse situation also they are managing their work along with their families. My child gets ready early morning and religiously attends daily classes and it makes us really happy to see this.

Kudos to all the teachers....

Mr. Pradeep Godha
(Father of Khushi Godha Class IX)

I welcome the concern of school on well being of their students. The best thing of this school is that it emphasizes on making students comfortable in every situation. In this lockdown also the teachers and even the Principal also managed to be in virtual touch with students and parents. The teachers are competent enough to take the classes online as all are well versed with updated technologies. The school comforted us with commitments to stand in tough times with us and are keeping their words to the fullest.

Mr. Manoj Vishwakarma
(Father of Aanay Vishwakarma Class II)
