मेरी भावना

जिसने रागद्वेष कामादिक जीते, सब जग जान लिया ।
सब जीवों को मोक्ष मार्ग का निस्पृह हो उपदेश दिया ।
बुद्ध वीर, जिन हरि हर, ब्रह्मा या उसको स्वाधीन कहो ।
भक्ति-भाव से प्रेरित हो यह चित्त उसी में लीन रहो ॥1॥

विषयों की आशा नहीं जिनके साम्य-भाव धन रखते हैं ।
निज पर के हित साधन में जो निश दिन तत्पर रहते हैं ॥
स्वार्थ-त्याग की कठिन तपस्या बिना भेद जो करते हैं ।
ऐसे ज्ञानी साधु जगत के, दुःख समूह को हरते हैं ॥2॥

रहे सदा सत्संग उन्हीं का, ध्यान उन्हीं का नित्य रहे ।
उन ही जैसी चर्या में यह चित्त सदा अनुरक्त रहे ॥
नहीं सताऊँ किसी जीव को, झूठ कभी नहीं कहा करूँ ।
परधन वनिता पर न लुभाऊँ सन्तोषमृत पिया करूँ ॥3॥

अंहकार का भाव न रक्खूँ, नहीं किसी पर क्रोध करूँ ।
देख दूसरों की बढ़ती को, कभी न ईर्ष्या भाव धरूँ ।
रहे भावना ऐसी मेरी, सरल-सत्य व्यवहार करूँ ।
बने जहाँ तक इस जीवन में, ओरों का उपकार करूँ ॥4॥

मैत्री भाव जगत में मेरा सब जीवों से नित्य रहे ।
दीन-दुःखी जीवों पर मेरे उर से करुणा स्रोत बहे ॥
दुर्जन क्रूर-कुमा गंरतों पर क्षोभ नहीं मुझको आवे ।
साम्य भाव रक्खूँ मैं उन पर ऐसी परिणति हो जावे ॥5॥

गुणीजनों को देख हृदय में, मेरे प्रेम उमड़ आवे ।
बने जहाँ तक उनकी सेवा, करके यह मन सुख पावे ॥
होऊँ नहीं कृतघ्न कभी मैं, ग़्रोह न मेरे उर आवे ।
गुण-ग्रहण का भाव रहे नित, दृष्टि न दोषों पर जावे ॥6॥

कोई बुरा कहो या अच्छा, लक्ष्मी आवे या जावे ।
लाखों वर्षों तक जीऊँ या मृत्यु आज ही आ जावे ।
अथवा कोई कैसा ही भय या लालच देने आवे ।
तोभी न्याय मार्ग से मेरा, कभी न पग डिगने पावे ॥7॥

होकर सुख में मग्न न फूलें, दुःख में कभी न घबरावें ।
पर्वत नदी-शमशान-भयानक अटवी से नहीं भय खावें ।
रहे अडोल अकम्प निरन्तर, यह मन तृहतर बन जावे ।
इष्ट वियोग अनिष्ट योग में सहनशीलता दिखलावे ॥8॥

सुखी रहें सब जीव जगत के, कोई कभी न घबरावे ।
वीर पाप अभिमान छोड़ जग, नित्य नये मंगल गावे ॥
घर-घर चर्चा रहे धर्म की, दृष्टकृत दृष्टकर हो जावे ।
ज्ञान-चरित्र उन्नत कर अपना मनुज-जन्म फल सब पावे ॥9॥

ईति-भीति व्यापे नहीं जग में, वृष्टि समय पर हुआ करे ।
धर्म निष्ट होकर राजा भी, न्याय प्रजा का किया करे ॥
रोग-मरी दुर्भिक्ष न फैले, प्रजा शांति से जिया करे ।
परम अहिंसा धर्म जगत में, फैले सर्वहित किया करें ॥10॥

फैले प्रेम परस्पर जग में, मोह दूर पर रहा करे ।
अप्रिय कटुक-कठोर शब्द नहीं कोई मुख से कहा करे ॥
बनकर सब युग वीर हृदय से देशोन्नति रत रहा करे ।
वस्तु स्वरूप विचार खुशी से, सब दुःख संकट सहा करे ॥11॥

सबको सठभति दे भगवान...

PRESIDENT'S Message

Honing the Learning Curve !!

It is a matter of great pride to pen down the message for The 'Prayas' our annual school magazine of Sanmati School. Academic excellence along with co-curricular and extracurricular activities completes the process of education. And it gives me immense delight to state that the school is progressing in all its endeavors towards the overall development and the personality of the students.

The school magazine is pedestal for the students to express their creative pursuit which develops in them originality of thought and perception. The contents of this magazine reflect the resplendent creativity of thought and wonderful imagination of our blooming buds. Education is the corner stone of progress and transformation of life. It is this very reason that we forayed into education and by which Sanmati came in to being.

We believe in holistic education for children. Encompassing and encapsulating academics sports and life skills learning. We strive to strike a balance between state-of-art infrastructures and nationally and inter nationally acceptable education. We at Sanmati rear a breed of young minds that are bustling with self confidence, motivation and rearing to move forward to all the challenges that lay ahead. The campus, sports and the cultural bear testimony to our efforts and they speak for themselves. We are confident that our school is the best place for children to bear fruition.

We welcome your active interest and involvement in the progress of your child and school.

I wish all the very best for this edition of 'Prayas'.

Gracefully yours,

Sunil Kumar Jain (Shah)

SECRETARY'S Message

Enlighten Today to Empower Tomorrow...

We are incalculably delighted that Sanmati School has honed and fine tuned a learning and life skill system that has been envied, bench marked across the city for many years. From the moment a child enters the threshold of our school he is groomed and nurtured in a way that the child can stride into this overwhelmingly competitive world. Initiatives are being put in place that will allow the students to fit into a rapidly dynamic world. When it comes to quality and excellence there can be no compromises. At Sanmati we intended to build children of caliber by rendering the wisdom which will lead to a broader perspective in life. At Sanmati excellence is not an aim but a tradition thereby shaping young minds with skills oriented and putting value into education, sports, hobbies and cultural variants are the essentials on the learning curve, hence we promote a new world of learning, creativity and wisdom. Our serene campus has a divine aura that inspires innovative thinking and erudition. Our collective conscience, dedication and commitment is what that gives them not just education but a whole world of experience to internalize. We have at Sanmati, a confluence of academic, cultural and sporting resources to take the children in to a different level. Our dedicated faculty members inculcate a rigorous all- round focus on the children to enlighten them today for an empowered tomorrow.

With every best wishes for this edition of 'Prayas',

Explore Within...

God has endowed every one of us with umpteen talents. We have to seek these ingenuities within ourselves to recognize them, nurture and groom them to bring forth the best. First and foremost you should have confidence in yourself. When I say confidence what I mean is self-confidence. You should know your tenacity and weakness. You may have to work up on these malignancies to rectify them to become a socially responsive person.

Your self-belief & strength can aid you to plan your future. Academics alone cannot give you the drive and reach out that you need for total satisfaction. To tend your personality, you should cultivate your hobbies, convert them in to your profession of life in future. I firmly believe that all of us have been born with special or unique competencies, proficiencies and abilities. Explore within & discover yourself. The joy of exploring yourselves will never end.

Here at Sanmati we carve the children by giving them apt and proper guidelines in each field to shepherd themselves into their future in perfect manner. I would love to conclude by saying in the words of a saint "You have fought a good fight and the award is awaited".

With lots of love & affection,

Devotedly yours,

Pinki Joshi
Principal

Sandipani Vishisht Gurujan Samman 2019

The Principal Mrs. Pinki Joshi was awarded with Sandipani Vishisht Gurujan Samman 2019 at Jaal Sabhagrah on 7th September by Shri Ajay Bahadur Singh, a renowned educationist from

Bhubaneshwar, Orissa. The jury members acknowledged her contribution with the rich experience of more than 30 years in education field.

Scripting New Chapter in Education!!

The Indian education system is grappled with several issues for which the Indian government and institutions have been working; thus trying to reform the existing education model. At Sanmati, we as educators also emphasize on several issues which need to be taken care of.

We have progressed with time; however, we still have not been able to move away from rote learning. We, at Sanmati, intend to eradicate rote learning and encourage the conceptual learning which avoids students to mug up what they are being taught.

The pressure of marks often makes students underperform. Instead of focusing only the evaluation on a three-hour exam, we also focus on evaluation based on classroom participation by a student, projects, communication and leadership skills and extra-curricular activities. Thus our students give their best and are evaluated at their best.

Teachers play the most important role in schools and they are shaping the future of the nation, the children. They are imparted regular trainings in a way that they can act as parents to the children away from their homes.

At Sanmati we embrace technology and education with an open heart and propagate the same to our students as it is there, where their future lies. Students are taught about technology right from the early years of their education so that it does not come like an alien thing in their later times.

Education is not always about becoming a big, rich person. It is also about humanism.

Students are also taught in-depth about the morals of life and inculcated with humanistic values. They are taught that success in life is much beyond money.

If all the education institutions together take these points into serious consideration, Indian education can attain the level of the best education system in the world. It is high time that we as a country, start taking education above the mediocre level that we have been engrained with and perceive education from the holistic approach.

Affectionately yours,

Aditi Arora
Vice-Principal, Chief Editor

COORDINATORS SPEAK

The Journey of Excellence!!

Education transforms lives, through outstanding learning, I comfortably believe that we could create a literate, civilized, well mannered, confident, a lucratively groomed smart Generation Next to face multitasking challenges in our constantly changing world.

A faculty who is already multifaceted must focus on to inculcate values in the upcoming generation. Our children and youngsters are endowed with an array of talents which are overtly or covertly implicit and explicit in them.

Sanmati has a visionary initiative to nurture and bring to fore the vast undiscovered resources in a child. One cannot restrain the possibilities in a young mind and what they will achieve are, indeed endless.

We have more spacious and sprawling infrastructure that can cater both the curricular and co-curricular activities. We create an environment where children are free to widen their academic horizon, through fun and frolicking.

I, as the academic resource person, aim to impart vibrant, comprehensive and innovative learning in accordance with our mission.

Our mission is to groom each and every student to move forward with overwhelming confidence and create positivity, success, love and happiness throughout the world.

A Little Extra Makes all the Difference...

"The difference between school and life - In school, you're taught a lesson and then given a test. In life, you're given a test that teaches you a lesson."

Education is a life long journey for every person. From childhood to young age, education never leaves your hand. It walks side by side. To become successful and to make a good career, one has to be well educated. Need of education is like watering a plant, one of the important nutrients. If you avoid watering your life, you'll grow but will lack in capabilities and fruits of life.

Education plays a vital role in everyone's life. Proper education is necessary for success and a happy life just like food is necessary for a healthy body.

Good education is constructive in nature which fortifies our future forever. It helps a person to improve her/his status of mind, body and spirit. It provides us lots of confidence by giving us bulk of knowledge in many fields.

Modern education is liberal, open and exotic. It is the premise of progress, in every family and in every society. It is based on the humanism, freedom, equality, democracy and human rights. The content of education keeps pace with the needs of modern society and is a mirror of its goals, values and priorities. So, education is a necessary means of eradicating unemployment problem. It is able to reduce poverty in a number of ways. But we have to remember that there is a great need for the growth of the vocational education so that every person could pursue a fulfilling career that ensures a satisfied life.

In today's competitive world, education has become a necessity for human beings after food, clothes and shelter. It is able to provide solutions to all problems; it promotes good habits and awareness about corruption, terrorism and other social issues among us.

Education is one of the fundamental rights of everyone.

With warm regards

Multifaceted Sanmatian!!

**HEADMISTRESS
SPEAKS**

'One child, one teacher, one pen and one book can change the world.'

– Malala Yousafzai

Education is the premise of progress in every society and in every family. Progress is only possible through good and proper education. At Sanmati, we aspire to achieve. As we believe in a well said thought that 'A school is a place where one learns about the totality, the wholeness of life.'

Academics is a part of education but not the complete education. So we take care of complete education by giving exposure to students in every possible way. To harness the amazing learning capacity of the Junior wing children, so that they can easily acquire skills, we keep implementing different sets of activities along with their routine academic portion. Academics is seeped into all the field trips, where we take our students to.

To develop mastery in our students, both- Class and Mass activities are regularized with proper planning and objectives. A few of them are like- Special celebrations of Coloured theme days, Celebrations of Festivals, Puppet Shows, Special Mentors' Performances, Best out of Waste, fascinating Science topics, Basic Etiquettes, Language Development classes, Maths Quiz, etc.

To inculcate life skills in children, like sympathy and empathy, students are taught with moral stories. Assemblies are conducted theme wise, so that every corner and activity of the school can make them learn up to the maximum. Indian culture is stressed in our school, where the Morning Prayer is incorporated with the chanting of 'Gayatri Mantra'.

For instilling traditional values in our children, we have various festivals as a part of the curriculum. They are explained thoroughly, as we not only wait for festivals to come on the decided dates of the calendars but also for enjoyment of our students, we conduct fun activities or events like 'The Winter Carnival', where our students match their enthusiastic level along with the entire city. Our little champs also made a niche by bagging various positions on Sports Day.

Junior wing students of pre primary and primary classes are like seeds. Seeds, if nurtured properly and with eternal love, they will develop into fruit bearing trees. Those trees provide a shady bough to all the people. So for that eternal love and a good nurturing, we have a team of amazing mentors, who are always on their toes for betterment of the students.

I believe that there is a great speedy trend towards new approach and policies in this Era of Education, which surely demands an extensive support of both- The Parents and Mentors, so as to create universally accepted Professionals. We must believe in this and work together as the partners, in this crucial journey of our own children who will surely land us on the land of pride.

With warm regards

HOUSE REPORT /

"The children of today are gearing up to become adult citizens of tomorrow. The growth is parallel to the future of our country, reflected through quality of the present education system".

The students of all classes are divided into four House – Blue, Green, Yellow and Red. The House in-charges look after the students of their houses and motivate them to participate in various inter-house activities. The teachers make sure that every student gets a chance to take part in one or the other activities, be it in conducting morning assembly, decoration of display boards, speeches or sports.

House activities are significant for enriching students on an emotional, cognitive, physical and social level. Enrichment of the curriculum elevates the pedagogic activities.

Thus, co-curricular activities can provide clarity required for an academic concept to make sense and improve learning capabilities. They can also assist in the development of **leadership and communicative skills, creativity, decision-making and co-operation, service to the community, learning time management, organizational skills etc.**

All the house in-charges did their best and the students actively participated in the intra school competitions and brought out the latent talent, as a result they won many inter school competitions and added glory to the school.

WORKSHOP ON GENDER SENSITIVITY

Date : June 7, 2019

Venue : Delhi International School, Indore

Resource Persons : Mrs. Rekha and Mrs. Poonam

CBSE, Ajmer Region organized the workshop for the teachers of various schools of Indore and around the city, 83 teachers attended it.

The main objective was to make it clear that 'Gender Sensitivity' doesn't mean to 'save girls' nor the 'women empowerment', but to provide equal opportunities to girls and boys.

The difference between 'sex' and 'gender' was clearly explained. The sex is a biological term decided by birth, while gender is a social behavioral term. There are certain things that are assumed to be done by the males and some for the females.

The teachers have to be very sensitive while taking classes, the girls and boys should not be discriminated. They must get equal chance to perform academic and non academic activities. Do not use gender specific words like boys will do this task or girls would do that task, use the terms 'students, children'. It is not to specify things like 'boys don't cry, girls should not laugh like this, boys should do outdoor task or girls should perform indoor jobs. Let them perform the activities together as far as possible.

Various activities for the teachers were arranged through them the teachers learned how to take up the classes and distribute the tasks to the students.

The workshop ended with happy note and the teachers were confident to act more wisely.

WORKSHOP ON CYBER CRIME

Date : April 24, 2019

In the first phase he asked some general things about internet and the latest updates in various fields of internet. He highlighted the importance of teachers and their role in the society. The parents should also be informed that they should keep a check on their children, which site they visit, which game they play on line etc.

In the next session he suggested the teachers to help the students to realize how they should visit the social networking sites, how they should take care of their privacy, they should not upload their pictures of personal moments etc.

The teachers actively participated in the interactive workshop. They also raised some questions which were answered satisfactorily.

At the end teachers were thrilled to have knowledge regarding Cyber Crime and shared their views.

CAREER IN HUMANITIES

Career in Humanities is a very lucrative option, especially if you do not have a technical bend of mind and not interested in medical or engineering. There is a growing trend among the students in India to opt for science courses but then many are unable to cope with the pressure because of lack of interest. If you do not possess the technical bend of mind, then, exercising your potentiality and capability in these fields may not work.

Let's not forget that the majority of the world's famous people who changed the world to their will and made it a better place to live in studied different disciplines in humanities. For example Marx's interest was in law and philosophy, Lenin was a student of law, Mahatma Gandhi and Jawaharlal Nehru were law graduates while S. Radhakrishnan studied philosophy. Apart from this, most of the IAS and IPS belong to this stream. In India, Civil Service examination is considered as one of the highest competitive exams and the toughest one to crack the nuts as well. But, the majority of the IAS aspirants prefer humanities as their optional paper. Humanities paper gives you an edge in all the competitive exams being held in India because it makes your General Studies strong and sharp. General Studies is not only the part and parcel of your life but also the leitmotif theme of every competitive exam. It is one of the best career options after 12th.

Another importance of studying humanities is that it offers practical advantages as well. It can lead to challenging and satisfying employment, even in business. Employers value students who are broadly educated, who can speak and write effectively, and who are capable of tackling complex problems.

The Humanities major also offers students the unique chance of learning not only traditional wisdom, but the chance to bring that wisdom to bear on a range of contemporary economic, religious, political, and social questions that are at the heart of human culture and life. Thus, Humanities is one of the most intellectually stimulating, enjoyable majors that presents plenty opportunities for the students to make life satisfying and thrilling.

The Parts Of Speech

Every name is called a Noun.
 As field and fountain, street and town.
 In place of noun the pronoun stands.
 As he and she can clap their hands.
 The adjective describes a thing,
 As magic wand or bridal ring.
 The verb means action, something done,
 As read and write and jump and run.
 How things are done the adverbs tell,
 As quickly, slowly, badly, well.
 The preposition shows relation,
 As in the street or at the station.
 Conjunctions join, in many ways,
 Sentences, words or phrase.
 The injection cries out, Hark!

Incredible India

India is a nation of different societies, races, dialects and religions. It is a place that is known for unity in different things where individuals of different background and with different ways of life live together.

India is a place with various religions, convictions and beliefs in God. Regardless of all these differences, they live with the obligation of brotherhood and humanity.

India is a culturally rich place. People who belong to different cultures live in this country together and sometimes under the same roof as well. Nobody considers any culture smaller than the other and they all give respect to everyone and everything.

People in Incredible India have some difference in the opinion and being the biggest democracy that is something that has to happen and it will happen. But still I am proud to be an Indian, a resident of such country where we have Unity in Diversity.

My Teacher

My teacher is the best,
 She never ever rests.
 She works hard day and night,
 To make me very bright.
 I learn new things every day,
 And there is always time to play.
 She is like a mother to me,
 That is why I am not afraid to be me
 One day when I'm grown up,
 I would like to thank her
 For not giving up.

myself in this New Year

To keep myself upgraded in
life's every sphere

The skies may stop turning
blue, but I will do better always.

Stars may stop shining tomorrow, I won't let
my promise disgrace.

The sun may stop shining one fine day, still I
won't be afraid.

The earth may stop rotating but I will never

I make your environment pollution free.

I have seen many people daily,

Sitting in my shadow gaily.

Everyone talks about his affairs,

But nobody takes my care.

I bear rain as well as sunlight,

Still I make everyone feel alright.

I provide food and flower,

And make you like a star.

If you'll plant me,

I will surely fulfill your necessity.

Believe in Yourself

Life is beautiful and colourful,
Make it something more useful.

Sometimes we've to loose, what we gain,
Sometimes we've to smile in pain.
But, life is a journey
not destination,

You have to see summer and rain
Never give up and don't lose hope,
Always walk like you are on the rope.
You can get what is your dream

Because you are a warrior on the top.
Just try to be nice, decent and helpful,
Do your best in all conditions.
Make a world full of your imaginations.

Just believe in yourself
and you will reach your destination.
Life is beautiful and colourful
make it something more useful.

Oh! Dear mother,
 You are sweet like sugar.
 You cook delicious food,
 That is very tasty and good.
 You keep the home neat and clean,
 All my friends enjoy the scene.
 When I cry, fall or go through any mishap,
 You give me shelter in your lap.
 You serve me things hot and cold,
 Your heart is made up of gold.
 Oh! Dear mother
 You are a wonderful person.

Health is wealth. There is nothing in our life that is more valuable than good health. Without health there is no happiness, no peace and no success. A person with bad health cannot enjoy the pleasure of being wealthy.

Health is more valuable than money. Money cannot buy health and happiness. A healthy person always remains in state of bliss and happiness. A person with sound health enjoys a stable life.

A friend is someone special,
 Who can stand in your shoes,
 Feel your joy and sadness,
 Not judge you or accuse.
 Someone you can sit with,
 Without uttering a single word,
 But knowing in your silence,
 There is something to be heard.
 To have such a friend,
 Is something very rare,
 Cherish this special one,
 With tender love and care.

MR. MIGHTY WATER

Once upon a time there was an angel who was roaming freely in the heaven. He met drops of water. All were sad and in pain. He asked reason for their anguish and they told their sad story one by one. The mighty drop, the leader of all started quoting in a mourn voice. He informed angel that they used to live on earth and had a happy life. God granted them 97% of earth area. Their fresh water bodies were source of fresh water for humans. They were one of the important elements for human beings. Their bodies were home of variety of plants and animals. They were having power to give life to others. They were source of wealth for all. But slowly and gradually time changed. We were showering love, blessings to human but in return human beings turned cruel to us. They started polluting the earth's water bodies with their different activities like releasing chemicals from factories, industries, bathing and pouring soaps and detergents into us.

In this way they destroyed the plants and animals and polluted our whole structure. We are angry with human beings. We created floods and droughts and slowly vanished ourselves from the surface of the earth. Now the earth is dry and humans as well as other creatures are suffering. We are feeling pain for their suffering. We want to descend to earth again to give them life. The angel said to them---

"To err is human and to forgive is divine."

With these words he advised the drops to go back to the earth and show their blessings to them. Drops moved down and the whole earth elated. The drops proved their might and human learnt their value. All is well that ends well.

The faults you find in others, are your faults as well.
After all, to recognize something you must know it.
The possibilities you see in others are possible for you as well.

The world around you is a reflection,
A mirror showing you the person you are
what you see in others shows you to yourself.

Show your best face to the mirror
And you'll be happy with the face looking back at you.

THE ULTIMATE GIFT

"Giving is not just about making a donation; it's about making a difference"

A journey may be long or short, but it must start at the very spot, one finds oneself.

One fine day I stepped in to my new school, Sanmati H.S. School, quite unaware of that I was to undertake an odyssey that would change my life forever. My school gave me opportunities, ability to look forward, the courage to be bold ... On the first day, I had a pleasant epiphany about the ultimate gift that was bestowed upon me by my Alma mater.

The gift of work, the gift of friends, the gift of hearing, the gift of laughter, the gift of dreams, the gift of giving, the gift of gratitude. The only way you can truly get more out of life for yourself is to give part of yourself away. Education is a life long journey whose destination expands as you travel. I received this message from my mentor who has an unstinting quest for learning "Let the difficulties know that we too are difficult." The journey of thousand miles begins with a dream. I realized at Sanmati that the journey matters more than the destination. I will always be indebted to my school that has given me the ultimate gift of wisdom to look into depth of education and listen, not with my ears, but with my heart.

Find Yourself

The greatest and the most important adventure in our life is discovering who we really are. Yet, so many of us walk around either not really knowing or listening to an awful critic that gives us all the wrong idea about ourselves. We mistakenly think of self understanding as self-indulgence and we carry on without asking the most important question we will ever ask: Who am I really? Finding yourself may sound

like an inherent self-centered goal, but it is actually an unselfish process i.e., at the root of everything we do in life. In order to be the most valuable person to the world around us we have to first know who we are, what we value, what we have to offer and the most what we actually deserve.

"Knowing yourself is the beginning of all wisdom".

Student's Life

As a student I can say that this is the best time of my life. I enjoy every bit of this phase of my life. Student life is the first step towards achieving something big and as a student, we should learn and acquire knowledge as it is our first priority. Students should spend more of their time in acquiring new things, reading books and develop their body and mind at the same time. Every student here is a shining star

for our country. We students, are the hope of the country so our primary need is to be good human beings and good citizens of our country. Students should develop some virtues like gratitude, joy, focus and obedience in them which help them to grow as good humans.

Education of Girls for National Development

A girl child is ignored species in our male dominated society which still practices gender bias. There is an apparent discrimination in the upbringing and education of the girls in the rural areas, middle classes and the lower classes of the society. Female education is relegated to the background and all the family funds and resources are lavished on the upbringing and education of the sons.

The myopic parents, teachers and social reformers forget the need and important of the education of girls. If we educate a boy, we educate only one person; on other hand, if we educate a girl, we educate a family. A girl acts as bridge between two families. An educated girl can become self dependent. She can contribute to the welfare of the family and society. The rise in the standard of living is possible when women supplement the incomes of the men.

National development is impossible without the whole hearted contribution and active participation of women. We have seen the fate of some of the policies and schemes such as adult education and family planning foisted from above. They have failed miserably because women are not involved in them whole -heartedly. Hence we must educate girls, if we want our nation to progress and match the developed countries in all the spheres.

CYBER CRIME

Everybody thinks that only stealing someone's private data is a cyber crime. But in defining terms we can say that cyber crime refers to the use of an electronic device for having someone's data or trying to harm them using a computer. Besides, it is an illegal activity that involves a series of issues ranging from using your system or IP address as a tool for committing a crime. Speaking in a broad way we can say that cyber crime is categorized into four major types. They are financial, privacy, hacking and cyber terrorism.

In financial crime they steal the money of users or account holders. Likewise, they also steal data of companies which can lead to financial crimes. Also, transactions are heavily risked because of them. Every year hackers steal a large amount from businessmen and from government. In recent times, India has become a favorite spot for cyber criminals, who are malicious users. Also people access it for different uses like shopping, movies, video games, transactions and e-commerce, etc. In this age of technology and easy access to the internet anyone can easily reach it. Due to this the rate of crimes, specially the rate of cyber crime has increased in manifold. Moreover, the rate of circulation of data is also increased much more due to high internet speed. To stop the speed of cyber crime and safeguard internet, the governments have also made several laws related to cyber crimes. These laws serve as protection against cyber crimes. Apart from that, the governments have also introduced cyber cells in police stations to counter the problem of cyber crime as fast as they can. To conclude we can say that cyber crime is a dangerous offence to someone's privacy or any material. Above all, cyber crime is a violation of not only law but of human rights too.

The Purpose Of Life Is Not Happiness : Its Usefulness

We love doing things that make us happy. From going on holiday to buying a new car, we keep chasing that next nugget of happiness. If you change it up and look at happiness as being a by-product of your actions, choices and decisions that involve working towards a larger purpose, you'll begin to notice how wonderful life really can be. True happiness is derived from moments of interaction and connection. I am happiest when doing something useful for somebody else. Whether it be a friend, family, colleague or even a stranger. When I've done something valuable for them, they're happy which in turn makes me happy!

"Being useful is a mindset and like with any mindset, it starts with a decision. One day I woke up and thought to myself: What am I doing for this world? The answer was nothing"

Are We Prepared To Face Tomorrow?

Environmental Pollution is the greatest hazard to the health & life of a man. If this trend continues, our future is at great stake. Today the air itself has changed its normal composition because it is choked with all kinds of chemicals which are detrimental to our health.

The main causes of air pollution are combustion, manufacturing process, agricultural activities with the help of chemicals, nuclear energy programs and explosions in the deep sea. These causes have become the agents of death due to this wide spreading all pervasive environmental pollution. We inhale pollution with each breath that we take in cities like Mumbai, Delhi, Chennai and Calcutta. Even Delhi is considered to be the most polluted city in India. Man has to control all the three kinds of pollution - air, water & noise pollution.

There are city laws against excessive noise near schools & hospitals. Pollution of rivers, streams & lakes must be ended as quickly as possible to eliminate existing pollution there must be separate industrial facilities and even changes in industrial process. We have to find some effective ways to put an end to these threats once and for all.

SAVE GIRL CHILD

Welcome to the world of the girl child- promising, yet gloomy; hopeful, yet in despair. The hand that rocks the cradle, the procreation, the mother of tomorrow; a woman shapes the destiny of civilization. Such as the tragic irony of fate, that a beautiful creation such as the girl child today is one of the gravest concerns facing the humanity, with a valley of summits, conferencing and events held for the cause, with topmost world leaders at the helm, traditions and rituals outline the existence of the Indian girl child. Amidst uproars of the gender equality and law enforcement, female infants are still found dumped in trash, while unborn fetuses continue to be sniffed in the womb wrought with discrimination and prejudice by rituals our society has dealt and girl child a rough hand starting even before birth till the dark of life. Saving girl child is a social endeavor under the auspices of the organization for eradication of illiteracy and poverty.

धर्म मेरी नज़र में

धर्म का अर्थ होता है- नियमित, इसलिए कहा जाता है कि अच्छे कर्म करना हमारा धर्म है जिसका अर्थ है हमें नियमित अच्छे कर्म करना चाहिए। धर्म की परिभाषा हर कोई अपनी सुविधानुसार व रूचि के अनुसार गढ़ व समझ लेता है। धर्म में कोई तर्क नहीं होता है और अगर तार्किक बना जाए तो आस्था खंडित हो जाती है। धार्मिक होने का अर्थ सदैव आस्थावान होना जरूरी नहीं है धर्म एक सामाजिक संस्था का हिस्सा है। जब कई लोग मिलकर नियमित एक प्रकार के कार्य एक प्रकार की इच्छा व एक प्रकार की विचार धारा रखते हैं तो वही से धर्म का उदय होता है। धर्म के आधार पर भेदभाव शत प्रतिशत अनुचित है। मानव समाज ने कई धर्मों को अपनाया (बनाया) है। मानव धर्म के आधार पर स्पष्ट रूप से बँटे देखे जा सकते हैं हालाँकि विपत्ति के वक्त सभी एक होकर सामना करते हैं। हमें आज जरूरत है कि हम धर्म के आधार पर न बँटकर भाई चारा व अपनेपन को बढ़ाएँ। मानव कल्याण के लिए किया गया कार्य ही सबसे बड़ा धर्म है।

शिक्षा सभी के लिए जरूरी है एवं हर व्यक्ति का मौलिक अधिकार है। सभी के जीवन में शिक्षा एक अहम किरदार निभाती है। शिक्षा की शुरुआत हमारे देश में कई रूपों में हुई। पहले क्षत्रियों के जमाने में राजगुरु, राजाओं एवं उनके पुत्रों को शास्त्र विद्या अर्थात् शिक्षा देते थे। फिर अंग्रेजों के जमाने में रवीन्द्रनाथ टैगोर ने शांति निकेतन की स्थापना की और एक आज का समय है जब हमारी शिक्षा पद्धति का तकनीकीकरण हो चुका है। आज एक अपंग व्यक्ति भी शिक्षा को मौखिक, लिखित एवं शारीरिक रूप से प्राप्त कर सकता है। ब्रेल लिपि नेत्रहीनों को शिक्षित करने की ऐसी तकनीक है जिसके कारण आज कई नेत्रहीन शिक्षित एवं स्वावलम्बी हैं; किसी के ऊपर निर्भर नहीं है।

तकनीक ने आज शिक्षा को हर हाथ तक पहुँचा दिया है जिससे आज के कर्ण एवं एकलव्यों को बिना गुरु के भी शिक्षा मिल सकती है। शिक्षा के तकनीकीकरण के कई नुकसान भी हैं परन्तु हमें सिक्के का दूसरा पहलू भी देखना चाहिए। कल तक जहाँ एक बच्चा 'नानी तेरी मोरनी' गीत सुन पाता था आज वह बच्चा उसे देख कर सीख सकता है। कहते हैं सुनने से ज्यादा देखा हुआ लोगों का पसंद आता है, जो आज तकनीक की एक खूबी है। तकनीकीकरण शिक्षा के विकास के स्तर को निरंतर ऊपर ले जा रहा है।

मैं सिंधु के किनारे खड़ी हूँ...

कल्पना में डूबी हूँ सोच रही हूँ जो दृश्य मेरी आँखों के सामने है वह 5000 वर्ष पहले कितना सुन्दर और खुशहाल होगा। यहाँ की बनावट से पता चलता है कि सिंधु सभ्यता में तकनीक से ज्यादा कला भंडार है। मेरी आँखों का दृश्य बड़ा ही रोचक है कि इतने पहले ही ग्रीन प्लान की शुरुआत हो चुकी है सबसे पहले अगर कोई सीधे भूजल के सम्पर्क में आया है तो वो है सिंधु घाटी जहाँ 700 कुँओं का निर्माण है वह भी जमीन की सतह से कई ऊँचे और मजबूत यहाँ गलीयों, जल निकासी, स्नानागार पूरी तरह से सही और सटीक ढंग से बने हुए हैं। यहाँ कोठार, सचिवालय एवं अजयाबघर का निर्माण भी है। रास्ते सीधे और आड़े हैं। जहाँ पर बौद्ध स्तूप बिलकुल अपनी सही जगह पर जिसके पीछे गढ़ है। सिंधु नदी की वह कोमल आवाज मैं अपने हृदय से महसूस कर रही हूँ। महाकुण्ड की सीढियाँ जितना अन्दर लेकर जाती है उतनी ही गहरी और प्राचीन सभ्यता की पूर्व यादों का पानी बाहर उछालती है। जितनी विचित्र और अनोखा यहाँ का दृश्य और चीज़े हैं उतना ही यहाँ का नाम भी उलझा हुआ है मुअनजो-दड़ो (मरे हुए व्यक्तियों का टीला)। हड़प्पा जैसे महान साम्राज्य के लिए यहाँ की सभ्यता को सुलझाया गया है। जहाँ न भव्य राजप्रसाद है न मंदिर महंतों की समाधियाँ हैं। यहाँ का दृश्य मानों लगता है आँखों के सामने राज तंत्र के उन ऐतिहासिक स्थानों का आइना सामने रखा हो। ओम थानवी की पुस्तक को पढ़ते हुए आने वाले आनंद को अपनी पलकों की छाया में उतारना उतना ही मजेदार है जितना की सागर से मोती निकालना।

वह सुबह रोज की दिनचर्या से अलग थी जब हम कक्षा दसवीं के विद्यार्थी कान्ह नदी के आसपास रहने वाले लोगों से मिलने पहुँचे। उनसे की गई बातें, कुछ समस्याओं पर चर्चा और समाधान की खोज ने हमें कर्तव्य बोध से भर दिया। एक नाला बन चुकी नदी को पुनः जीवित करने का सपना देख रहे थे हम।

एक समय में कान्ह नदी हमारे शहर की सुंदरता बढ़ा देती थी आज के बदलते दौर में कभी हमारे इंदौर की शान रही कान्ह नदी एक नाला बन चुकी है। यह वह नदी है जिससे हमारे इंदौर की महारानी अहिल्याबाई होलकर नाव में बैठकर एक जगह से दूसरी जगह जाया करती थी लेकिन आज के बदलते दौर में हम इसके आस-पास खड़े रहना भी पसंद नहीं करते। यह वही नदी है जो एक समय में साफ जल शुद्ध वायु व सुंदरता का साधन थी, किंतु अब यह सुंदरता लुप्त हो चुकी है और यह नाला हो चुकी है, जिसमें कचरा व अशुद्ध पानी और बदबू आती है। जिस नदी को लोग दूर-दूर से देखने आया करते थे आज वही नदी को उसके पड़ोस में बसे लोग भी देखना पसंद नहीं करते। लेकिन इसका सबसे बड़ा कारण भी मनुष्य ही है। इस नदी किनारे बसे लोग अपने घर का कचरा, कपड़े व बर्तन धोने के बाद बचा हुआ दूषित पानी व गंदगी भी इसी में फेंक देते हैं जो कि नदी को दूषित करता है व कई बीमारियों का कारण भी बनता है। वे लोग इस बात से अवगत नहीं हैं कि एक शहर में नदी होना गौरव का विषय होता है और उस शहर की सुंदरता मोहमय होती है। कान्ह नदी को शुद्ध करने के लिए हमारी सरकार ने न जाने कितने करोड़ रुपये खर्चा किया है किंतु इसकी स्थिति में कोई सुधार नहीं हो रहा है क्योंकि वहाँ के लोग इस बात से अवगत नहीं हैं और यह हमारा कर्तव्य है कि हम उन्हें इस बात से अवगत कराएँ और कान्ह नदी के प्रति अपना कर्तव्य निभाएँ।

सन्मति संवेदना क्लब द्वारा

वृद्धाश्रम के बुजुर्गों को उनके बचपन के दिन याद दिलाए

जिस प्रकार कश्ती को साहिल की, सूखे को वर्षा की जरूरत होती है उसी प्रकार एक वृद्ध को भी सहारे के रूप में साथी की जरूरत होती है। फिर चाहे वो कोई अनजान ही क्यों न हो।

सन्मति विद्यालय के संवेदनशील बच्चों के द्वारा संगठित समूह "सन्मति संवेदना क्लब" के सदस्यों ने निराश्रित वृद्धाश्रम में अनेक मनमोहक प्रस्तुतियाँ दी जिसमें हमे उनका पूर्ण रूप से साथ एवं समर्थन भी मिला। वहाँ हमने भक्ति गान, भजन, नृत्य की आनंदमयी प्रस्तुतियाँ दी जिसमें उन वृद्धों ने भी माहौल में रमकर क्लब के साथ नृत्य एवं गान के माध्यम से आनंद की अनुभूति प्राप्त की। इसी की साथ-साथ हमारे विद्यालय की प्रतिभावान शिक्षिका डॉ. श्रीमती आरती दुबे ने योग कार्यशाला लगाकर उनके मन को हल्का किया।

हमने उनके साथ 4 से 5 घंटे का समय बिताया, उस समय ऐसा लग रहा था कि वे अपनी सारी बीमारियाँ और सारे दुखों को भूलकर हमारे साथ बच्चे बन गए। हम सब अपने आप को बहुत सौभाग्यशाली मानते हैं कि हमे उनका सान्निध्य प्राप्त हुआ। ये सच है कि हम किसी के दुख को कम नहीं कर सकते पर उनके साथ अच्छा समय बिताकर, थोड़ी देर के लिए ही सही, उनके दुख को भुलाने की कोशिश तो कर ही सकते हैं। हम सब बच्चे भगवान से यही प्रार्थना करते हैं कि किसी भी बुजुर्ग से अपनों का साथ कभी न छूटे, उन्हें हर खुशी मिले और भगवान उन्हें हमेशा स्वस्थ रखें।

ज्यादा देर तक नहीं, अच्छी तरह पढ़ना जरूरी है।

अक्सर हमें सुनने में आता है कि टीनएजर्स की शिकायत आती है कि वॉ बच्चे बहुत ज्यादा देर तक बिना रुके पढ़ते हैं, खूब मेहनत के साथ, परन्तु उनसे कम देर तक पढ़ने वाले उनके दोस्त उनसे बाजी मार जाते हैं।

पढ़ाई में क्वांटिटी नहीं केवल क्वालिटी माईने देती है। दिन में 9-10 घंटे पढ़ना जरूरी नहीं है, केवल 6-7 घंटे पढ़कर भी बहुत विकास हो सकता है। परन्तु उस समय भी पूरे ध्यान के साथ पढ़ना जरूरी है।

जैसे शारीरिक मेहनत करके हमारा शरीर थक जाता है वैसे ही ज्यादा देर तक लगातार पढ़कर हमारा मस्तिष्क भी थक जाता है तो इसलिए हमारा बीच बीच में विश्राम करना भी आवश्यक है, उस विश्राम के समय आप छूम सकते हैं, कुछ भी हल्का खा सकते हैं और अपना चेहरा धो कर माइंड रिफ्रेश कर सकते हैं।

पढ़ने के समय स्मार्टफोन से बहुत ही दूर रहे क्योंकि उससे हमारा ध्यान भटक जाता है।

हमें पढ़ने बैठने से पहले कुछ भी खा लेना चाहिए क्योंकि भूखे पेट हम पढ़ाई पर ध्यान नहीं दे पाते। हमने दिनभर में जो भी पढ़ा उसकी एक समरी बना लेना चाहिए ताकी पूरे दिन पढ़ने के बाद अंत में सरसरी तौर पर समरी को पढ़कर रिवाईस कर सकें।

संकल्पशक्ति के चमत्कार

यदि आपने बहुत महान काम किया है तो उस पर बैठे नहीं रहना चाहिए।
उतना ही महान दूसरा लक्ष्य तलाशना और उस पर आगे बढ़ना चाहिए ॥

मनुष्य की संकल्पशक्ति की विचित्रता की कोई थाह नहीं पा सकता। यह एक मानवीय सोच है जो मजबूत होने पर चमत्कार कर दिखती है और कमजोर हो तो साधारण कार्यों में भी व्यक्ति को असफल बना देती है। दो शब्दों की इस काया का अद्भुत महत्व है। दरअसल संकल्पशक्ति कोई बाहरी वस्तु नहीं है, यह तो इंसान के मन की शक्ति को व्यक्त करने का माध्यम है। वस्तुतः इंसान का मन ही है, जो संकल्पशक्ति के पर्याय के रूप में मानव में कार्यों से जाना जाता है। अतः संकल्पशक्ति को इंसान का मन भी कहा जाता है। मन ताकत भी देता और ताकत से विमुख भी कर देता है। कहा भी गया है- "मन के हारे हार है, मन के जीते जीत" अर्थात् हार व जीत के लिए मन ही उत्तरदायी है। यदि आपकी मानसिक संकल्पशक्ति मजबूत है तो आपको विजय प्राप्त होगी और यदि वह कमजोर है तो निश्चित ही जीत भी हार में बदल जाएगी। अतः मन या संकल्पशक्ति का चमत्कार ही व्यक्ति को सफलता अथवा असफलता प्रदान करता है।

संकल्पशीलता, आत्मविश्वास या सकारात्मक मन एक ही स्थिति के कई नाम हैं। व्यक्ति में विवेक होता है और विवेक द्वारा इंसान विचार करता है, सोचता है। संकल्प की शक्ति में शरीर से ज्यादा बल होता है जबकि व्यक्ति शरीर से बलवान हो लेकिन उसमें साहस का अभाव न हो तो वह कायर व हारा हुआ होता है।

सच्चाई यह है कि व्यक्ति की संकल्पशक्ति उसकी हार अथवा जीत में निर्णायक प्रस्तावना निभाती है। मन की शक्ति से व्यक्ति में आत्मविश्वास आता है और प्रत्येक जीव में आत्मविश्वास की निर्णायक भूमिका होती है। हमारा मन एक ऐसा दर्पण है जो निराशा में मैला हो जाता है और उत्साह तथा विश्वास में चमकने लगता है। अतः मन के दर्पण की चमक को बनाए रखने के लिए संकल्पशक्ति पर सदैव विश्वास करना चाहिए। संकल्पशीलता ऊर्जा के समान होती है। व्यक्ति की संकल्पशीलता और संकल्पशक्ति में कार्य को करने की सकारात्मक मन स्थिति है तो वह उस कार्य को अवश्य ही कर सकता है।

महासंत गुरुनानक देव ने भी कहा था -

“मन जीते जग जीत” अर्थात् जिसने मन को जीत कर संकल्पशक्ति जुटा ली है, उस व्यक्ति ने सम्पूर्ण विश्व जीत लिया है।
चेतना और प्रेरणा के सफर पर चलिए और बना लीजिए सबसे सुखद, सफल और सुकूनभरा जीवन ॥

जल ही जीवन है

जल से है कल हमारा,
कहते तो सब हैं ये
पर जब देखा गौर से
खुद इसे प्रदूषित करते हैं

जिस जल से हम जन्मे हैं,
पता नहीं उसे ही क्यों नष्ट करते हैं,
जिसने हमको जीवन है दिया
उसको ही व्यर्थ क्यों करते हैं.....

जब तड़प जाते हैं भूख से,
तब जल का लेते हैं सहारा
कहते तो सब हैं ये
जल से है कल हमारा

आज जब लोगों ने
पानी का धंधा कर लिया है
मुझे तो लगता है
अंधकार ने सबको घेर लिया है.....

इस भारत की पावन भूमि पर
हम पानी की पूजा करते हैं,
पानी के साथ साथ
हम काम दूजा करते हैं.....

एक सैनिक की भावना

आतंकी । रहे नाकाम तुम,
मेरे देश के अन्दर घुसने में,
हर बार झुकाया तुमने सिर,
भारत माँ के घरों में।

कितनी भी तुम कोशिश कर लो,
इस देश को हथियाने में,
हर बार मुंह की खाओगे,
सेना के वीर जवानों से।

जैसे शेर का फंजा गीदड़ पर,
कह लो अपने आका को,
तब घर में घुसकर गाँवों,
जब अपना हक हथियाना हो।

हम भारत माँ के वीर जवान,
हर घर में दीम जलाएँ,
मानवता को जीवित रख,
हर जहर की नींव हटाएँ।

क्या है गलती ?

आम-बन : जिन्होंने गांधी को महात्मा बनाया

कोई भी व्यक्ति एक ही दिन में महान नहीं बन जाता। उसके जीवन में कई ऐसे साधारण लोगों का प्रभाव पड़ता है जो उसे महान बनाते हैं।

ऐसे ही एक महान व्यक्ति, गांधी जी के जीवन में भी कई ऐसी घटनाएँ हुईं जहाँ उन्हें आम लोगों द्वारा बड़ी सीख मिली। वे स्वयं ही कहते हैं कि उन्हें अहिंसा का शिक्षण उनकी पत्नी कस्तूरबा से मिला है। वे इन्हें अपने सामने झुकाना चाहते थे। वे कहते थे कि "एक ओर से वह मेरी झुकाव का निश्चयपूर्वक विरोध करती और दूसरी ओर से मैं जड़ता से प्रेरित होकर उस पर जो चाल चलाऊँ, उसे शांति से करती।" कस्तूरबा के इस शांतिमय विरोध से ही गांधी जी की आँखें खुल गईं। इसी घटना से उन्हें अहिंसा तथा प्रेम को फैलाने की शिक्षा मिली।

ऐसी ही एक और घटना उनके जीवन में घटी जहाँ एक साधारण व्यक्ति ने उन्हें बहुत बड़ी सीख दी। जब चंपारण की लड़ाई खत्म हुई थी तब गांधी जी गरीबों को स्वच्छता का पाठ पढ़ाने निकले थे। वे घर-घर जाकर लोगों को स्वच्छ कपड़े पहनने को कहने लगे। उनमें से एक स्त्री गांधी जी को अपने कुटिया ले गई और दिखाया कि उसके पास न कपड़े रखने के लिए कोई अलमारी है न कोई संदूक यहाँ तक कि उसके पास कोई दूसरी साड़ी भी नहीं थी जिसे वह धोकर वापस पहन सके। इससे गांधी जी को पता चला कि भारत में अभिक्रम लोग नहीं हैं और उन्हें स्वच्छता का पाठ पढ़ाने के पहले नरीबी को मिटाना होगा।

ऐसी ही और कई घटनाएँ इतिहास में घटीं और गांधी जी को महात्मा गांधी बनाती चली गईं।

पाक अक्सार्ड की सीमा पर माइनस 40 डिग्री, 12 हजार फीट की ऊँचाई पर स्थित सियाचिन वैस कैम्प जहाँ हमारे फौजी वैनान्त हैं। उन्हें देखकर अहसास होता है कि मुस्किले हमेशा खुद को परखने का मौका देती है। खुद को री- इनवेंट करना सिखाती है। खुद को री- इनवेंट करना आसान नहीं परंतु मुमकिन है। इसका न कोई ग्रामर है न ही फिक्स फ्रमूला! री - इनवेंशन की शुरुआत खुद के बदलाव से की जा सकती है। सुबह कहती है जो बीत गया उसे भूल जाओ, हर दिन को नया अर्थ देने से अधिक सुंदर जीवन में कुछ नहीं। हर दिन कुछ नया सीखने, कुछ भूलने, पुरानी आदतें छोड़ने और कुछ नया रचने का अपूर्व अक्सर लेकर आता है। हर व्यक्ति को कड़ी मेहनत करनी चाहिए, कुछ ऐसा रचने के लिए जो अभूतपूर्व हो यानी जो पहले कभी कोई नहीं कर पाया हो। अपना श्रेष्ठतम देना जरूरी है। कुछ ऐसा करें, जो भारा बदल दे परंतु यहीं रुकना नहीं चाहिए। किसी एक चीज से चिपककर रहने की आदत आपको लाभदायक बना देती है। यदि बहुत महान काम किया है तो उस पर बैठे नहीं रहना चाहिए। उतना ही महान दूसरा लक्ष्य तलाशना और उस पर आगे बढ़ना चाहिए।

मेहनत के साथ भावना, लक्ष्य और समर्पण में ईमानदारी रहे तो ईश्वर आपके साथ होते हैं। दुनिया में जाए हर व्यक्ति में एक खास गुण होता है। दिक्कत बस इतनी सी है कि कुछ लोग उसे पहचान नहीं पाते। परंतु अगर आज कुछ मनचाह नहीं मिला है तो निश्चित ही कल कुछ और बेहतर आपके इंतजार में है। बस धैर्य रखें और धार से सीखें।

खेल का महत्व

खेलकूद मनुष्य के जीवन का अभिन्न अंग है। जीवन के अन्य कार्य कलाओं के साथ-साथ खेलकूद के लिए भी समय निकालना बहुत आवश्यक है। आपने वह कक्षागत तो सुनी होगी "स्वस्थ मन स्वस्थ शरीर में ही होता है" यानी अगर आप शारीरिक परिश्रम और खेल में भाग लेंगे तो वह आप स्वस्थ रहेंगे और साथ ही आप अपने रोज के सभी कार्य सक्रिय रूप से कर पाएंगे। हम मनुष्य को मानसिक और शारीरिक दोनों प्रकार से स्वस्थ रखना बहुत ही आवश्यक होता है जिसमें खेलकूद बहुत अहम भूमिका निभाते हैं। खेलकूद से हमारे मन का तनाव दूर होता है और इससे मन और शरीर को शांति मिलती है। कभी-कभी यही खेलकूद जीवन के मुस्किल समय में शरीर को शक्ति देता है। यह शरीर के रक्त संचरण को सही रखता है। नियमित रूप से खेल में भाग लेने वाले लोग समय के महत्व को सही रूप से समझ पाते हैं। ऐसा इसलिए क्योंकि खेलकूद प्रतियोगिताओं में हर एक मिनट और सेकंड का बहुत मूल्य होता है जिसके कारण जीवन में भी समय के मूल्य को समझ पाते हैं। खेलकूद कबों के साथ-साथ कबों के लिए भी जरूरी है। यह अपने हर दिन के ऑफिस के कामों के बाद परिवार के साथ समय बिताने के लिए अच्छा है। बच्चे कबों के खेल में भाग लेना बहुत अच्छा होता है, क्योंकि इससे उनका विकास और बेहतर तरीके से होता है।

अतुल्य भारत

भारत एक ऐसा देश है जिसकी तुलना नहीं की जा सकती। भारत में हर जाति के लोग रहते हैं, यहाँ पर अलग अलग भाषाएँ बोली जाती हैं।

"हम पंजाबी, हम गुजराती, बंगाली, मद्रासी हैं,
लेकिन हम इन सबसे पहले केवल भारतवासी हैं।"

यहीं तो यहाँ की विशेषता है, जो लोगों को अपनी ओर खींचती है। भारत देश में कई संत हुए, फकीर हुए जैसे गुरुनानक जी, कबीर, मोहम्मद पैगम्बर, ऋषभदेव आदि। भारत भूमि स्वर्ण भूमि कहलाती है इसलिए नहीं क्योंकि यहाँ पर अतुल्य मन है अभितु इसलिए क्योंकि यहाँ पर वह प्रेम, सत्कार व अपनापन मिलता है जो कहीं और नहीं मिलता। भारत की संस्कृति आज भी वैसी ही है। यहाँ पर इतनी भिन्नताएँ हैं फिर भी सब एक हैं। यहाँ के लोग मिलजुलकर रहते हैं। दुनिया में भारत जैसा देश कहीं नहीं मिलेगा। जो भी पर्यटक भारत में आते हैं, वे इस अद्भुत देश की अमित यादें अपने साथ लेकर जाते हैं। हमारा देश है ही इतना अनोखा व मनमोहक कि जो भी यहाँ आता है उसे अपना बना लेता है। हमें बर्ब है कि हम भारत देश के वासी हैं जो कि हर क्षेत्र में आगे हैं। सही मायने में हमारा देश 'सोने की चिड़िया' है।

मन में हो विश्वास

विश्वास एक छोटा शब्द है, इसे पढ़ने में तो एक सेकेण्ड लगता है, सोचो तो मिनट लगता है, समझो तो दिन लगता है, पर साबित करने में तो जिन्दगी लगती है। विश्वास पर दुनिया कायम है। रिश्तों का बंधन या मेल विश्वास की जड़ों पर टिका है। विश्वास एक ऐसा रिश्ता है जो एक बार टूट जाए तो दोबारा नहीं जुड़ता।

विश्वास उत्कृष्ट एवं बहुमूल्य है। हम सभी मनुष्यों को स्वयं एवं दूसरों पर विश्वास होना चाहिए। हमें हमारी मंजिल तक पहुँचने और मिथ्या वासना को यथार्थ में बदलने के लिए स्वयं पर विश्वास रखना चाहिए। भगवान हनुमान भी जब आकुलता में स्वयं की पात्रता खो बैठते थे, तब उन्हें आत्मविश्वास दिलाना पड़ता था। परन्तु हम सभी को किसी के नकारात्मक विचारों एवं जल्दबाजी के कारण आत्मविश्वास नहीं खोना चाहिए। सफलता की पहली सीढ़ी विश्वास (न्यास) है। हमें अपने भगवान पर विश्वास रखना चाहिए। हमें ईर्ष्यावादी व्यक्तित्व के लोगों से दूरी बनाए रखना चाहिए।

भरोसा न हो तो रिश्तों में दरार आ जाती है। एक बार अगर भरोसा टूट जाता है तो पुनः उस तरह नहीं जुड़ पाता है। न्यास का धागा एक बार टूट जाता है तो पुनः जोड़ने के कारण उसमें गठान आ जाती है।

विश्वास जीतना बड़ी बात नहीं है, विश्वास बनाए रखना बड़ी बात है ॥

इन्टरनेट की बढ़ती लोकप्रियता और मानव-मस्तिष्क की घटती क्षमता

“उजाले अपनी यादों के हमारे साथ रहने दो न जाने किस गली में जिंदगी की शाम हो जाए।” यह बशीर बद्र की पंक्ति बताती है कि आज तकनीकी और इंटरनेट के दौर में हमारी पीढ़ी भीषण स्मृतिलोप का शिकार हो रही है। हमारी एकाग्रता भंग हो रही है और हम बिना तथ्यों को जांचे पूरी तरह इंटरनेट पर निर्भर होते जा रहे हैं, जहाँ सच को झूठ और झूठ को सच बनाने का कारोबार बड़े पैमाने पर चल रहा है।

हम आजकल एक सामूहिक स्मृतिभंग के दौर से गुजर रहे हैं और सबसे बुरी बात यह है कि हम इसका आनंद भी ले रहे हैं। इस स्मृतिभंग का सबसे बड़ा कारण हमारे समय में इंटरनेट है। क्योंकि यह एक ऐसा इंजन है जिसके जरिये हम अपनी सारी स्मृतियाँ भंग कर जब चाहे हासिल कर सकते हैं। मान लिया गया है कि इंटरनेट पर अगर कोई सूचना एक बार दर्ज हो जाए, तो हमेशा के लिए स्थायी और सुरक्षित हो जाता है। बिना जाने कि इंटरनेट पर कोई निगरानी नहीं है और यहाँ हर सूचना विश्वसनीय नहीं है। इसकी शुरुआत नब्बे के दशक में हुई और यह सामूहिक मानस और चेतना को प्रभावित करने लगा। सन् 2015 में माइक्रोसॉफ्ट ने एक सर्वेक्षण कराया, जिससे स्पष्ट हुआ कि इंटरनेट के कारण हमारी एकाग्रता 12 सेकंड से घटकर 8.25 सेकंड रह गई है। यह एक मछली की एकाग्रता है जो नौ सेकंड होती है। इस तरह से देखें, तो विकिपीडिया पर ही बहुत सी सूचनाएं गलत और चरित्रहनन करने वाली हैं और कोई उसे जांचने नहीं जाता क्योंकि हम भीषण स्मृतिभंग के दौर से गुजर रहे हैं।

मैं जल हूँ...

मैं कुहरत का अनमोल तोहफा हूँ लोगों के जीवन में मेरा बहुत महत्व है, मेरे बिना मनुष्य के जीवन की कल्पना भी नहीं की जा सकती। जी हाँ, मैं जल हूँ मैं पृथ्वी पर पाया जाता हूँ इसलिए पृथ्वी को अनोखा ग्रह कहते हैं। मेरे कारण ही आज मनुष्य जाति पृथ्वी पर विकसित हो सकी है। मनुष्य, पशुओं और पेड़ पौधों सभी के लिए मैं आवश्यक होता हूँ मैं दो प्रकार का होता हूँ - मीठा और खारा। जब मैं मीठा होता हूँ तब मुझे सब पीना पसन्द करते हैं परन्तु जब मैं खारा हो जाता हूँ तब मेरा उपयोग कोई भी नहीं करता। इसी तरह मनुष्य को भी स्वभाव से मीठा होना चाहिए जिससे सभी लोग उसे पसन्द करें। मुझमें कोई भी पदार्थ छुल भिल पाते हैं। इसी प्रकार सभी को मेरी तरह सार्वभौमिक क्लियर होना चाहिए, अर्थात् सभी को हर तरह के वातावरण में घुलने-मिलने की आवस्यता होनी चाहिए जिससे किसी को भी उससे कोई शिकायत न हो और सब उसे पसन्द करें। पृथ्वी का 71 प्रतिशत भाग मैं ही हूँ परन्तु मैं सिर्फ 3 प्रतिशत ही पीने योग्य हूँ। इसी प्रकार धरती पर बस कुछ ही लोग हैं जो मस्कार एवं क्यातु हैं। आज समय यह है कि सभी मेरी कीमत समझें। यदि मैं यँ ही व्यर्थ बहता रहूँगा तो आने वाले समय में मेरी कमी एक महासंकट बन जाएगी। मैं नदी, स्थूबवेल, ईरॉप, कुँए आदि से विसृज हो चुका हूँ आने वाले समय में तो लोग इन सब नामों को पहचान ही नहीं पाएँगे। इन सब कार्यों के लिए लोग तो जिम्मेदार हैं ही साथ ही उनकी लापरवाही भी जिम्मेदार है। शहर से निकले घासक घासव्यनिक तत्व तथा कचरा, कूड़ा, गटर का पानी ही मुझे दूषित करने के लिए जिम्मेदार है। मुझे लम्बे समय तक उपयोग करने के लिए अधिक से अधिक मात्रा में बचाना ही लोगों के लिए मस्कार साबित होता है। प्राकृतिक संसाधन व बढ़ती जनसंख्या के लिए मेरा संरक्षण ही आवश्यक है। मेरा संरक्षण कई तरह से किया जा सकता है जैसे -

1. सार्वजनिक पार्क, नदी मोहल्ले, स्कूलों आदि में झाड़ों की भी नल की टोटिया खराब हो या पार्क से पानी लीक हो रहा हो तो दुरुस्त जलवाय ऑफिस से सूचना दे। इससे झारों लीकर पानी की बर्बादी रोकी जा सकती है।
2. एक बारिश के बाद अनली बारिश में छतों से बर्बा के प्यार मेरा संचय करें। इसके लिए गाँव, शहरों में पवननिर्माण सम्बन्धी नियमों में बर्बा जल संकय हेतु प्रोत्साहित किए जाने वाले उपाय वृद्धि जाने चाहिए।
3. आज कल हर घर में आरओ लगा होता है जिससे मेरा प्रयोग सिर्फ 40 प्रतिशत ही होता है। बाकी 60 प्रतिशत पानी को मैकले के बजाय उसे पेड़ पौधों में खाल दें। इससे मेरी बचत तो होगी ही साथ ही उसमें मौजूद खनिज लवण पौधों के लिए फायदेमंद होगा। यदि सभी लोग मेरे संरक्षण के प्रति गम्भीर नहीं हुए तो तीसरा विश्व युद्ध पानी के लिए हो सकता है।

प्रशंसा प्रशंसनीय है

कमल भावनाओं का विकास और विनाश दूसरों के प्रोत्साहन अथवा विरोध से बहुत कुछ संबंधित रहता है। साधारणतः लोग अपने बारे में कुछ ठीक विश्लेषण नहीं कर पाते। इसके लिए वे दूसरों की सम्मति पर अमलवित रहते हैं। जब दूसरे लोग अपनी प्रशंसा करते हैं तो मन प्रफुल्लित होता है, गर्व अनुभव होता है और लगता है कि हम वस्तुतः प्रशंसनीय कार्य कर रहे हैं। पर जब औरों के मुँह से अपनी निन्दा, असफलता और दुच्छता की बात सुनते हैं तो दुःख होता है, मन टूटता है, निराशा आती है। प्रशंसा करने वाले के प्रति कृतज्ञता इसलिए मन में उठती है क्योंकि उसने हमारे सद्गुणों की चर्चा करके मानसिक उत्थान में भारी योग दिया है। यह हमें मित्र और प्रिय लगता है। पर जो लोग अपनी निन्दा करते हैं, वे शत्रु दिखते हैं, क्योंकि उन्होंने अपना बुरा पहलू सामने प्रस्तुत करके मन में निराशा और खिन्नता उत्पन्न कर दी। आत्म निरीक्षण की दृष्टि से अपने दोष, दुर्गुणों को दूँना उचित है। किन्हीं घनिष्ठ मित्रों को एकत्र में उनकी अनुपयुक्त बतियावियों को सुधारने के लिए परामर्श देना भी उचित है। ऐसा करते समय हर हालत में यह ध्यान रखा जाना चाहिए कि व्यक्तित्व का निराशात्मक चित्रण न किया जाए। किसी को भी लगातार खराब, अयोग्य, पापी, दुष्ट, मुख कल्ल जाता रहेगा तो उसका अन्तर्मन भीरे-भीरे उन कहे जाने वालों बातों को सत्य स्वीकार करने लगेगा। यदि यह मान लिया जाए कि हम वस्तुतः अयोग्य हैं, बुरे हैं तो फिर मनोभूमि ऐसी बनने लग जायगी कि जिसमें हिम्मत टूट जाती है, निराशा घेर लेती है, और कोई काम करते हुए मन भीतर ही भीतर सकयकता रहता है कि कहीं काम बिगड़ न जाय और मुख न बनना पड़े। इस सकयकता में हाथ-पैर फूल जाते हैं और बने काम भी बिगड़ने लगते हैं। अतः मनुष्य को चाहिए कि वह निन्दा नहीं प्रशंसा करना सीखे।

GOLDEN WORDS FROM PARENTS

प्रिय प्रधानाध्यापिका,
आज हम जिस स्कूल में अपने बच्चों को शिक्षा दिलवा रहे हैं, वहाँ हमारे बच्चों को सबसे पहले सन्मति अर्थात सही बुद्धी अहिंसा नैतिकता और मानवता का पाठ पढ़ाया जाता है। आधुनिक दूषित विचारधारा के युग में मॉडर्न माहौल में भी हमारे बच्चे यहाँ अपने साथियों, अपने टीचर्स, स्कूल के अन्य स्टाफ के साथ अपने आपको सुरक्षित महसूस करते हैं। बच्चों के सुनहरे भविष्य के लिए सन्मति स्कूल उस मजबूत नींव का काम करता है जहाँ से निकले बच्चे प्रदेश, देश ही नहीं बल्कि पूरी दुनिया में अपना फर्कम फहराते हैं।
